SMA / NPA Table Explanation: -

The [circular DBR.No.BP.BC.45/21.04.048/2018-19 dated June 7, 2019](#) on 'Prudential Framework for Resolution of Stressed Assets' requires the lenders to recognize incipient stress in borrower accounts, immediately on default, by classifying them as special mention accounts (SMA). In order to remove any ambiguity, it is clarified that the intervals are intended to be continuous and accordingly, the basis for classification of SMA categories shall be as follows:

Loans other than revolving facilities	
SMA Sub-categories	Basis for classification – Principal or interest payment or any other amount wholly or partly overdue
SMA-0	Upto 30 days
SMA-1	More than 30 days and upto 60 days
SMA-2	More than 60 days and upto 90 days

Illustration of NPA Classification :-

- If the due date of an account is 10th March' 2022, and the full dues/instalment is not received before the Lender runs its day-end process for this date, the date of overdue shall be 10th March' 2022. "
- If the account continues to remain overdue, then this account shall get tagged as SMA-1 upon running day-end process on 09th April'2022 i.e., upon completion of 30 days of being continuously in overdue. Accordingly, the date of SMA-1 classification for that account shall be 09th April'2022.
- Similarly, if the account continues to remain overdue, it shall get tagged as SMA-2 upon running the day-end process on 09th May'2022; and "
- If the account continues to remain overdue further, it shall get classified as NPA upon running day-end process on 08th June' 2022. " If the instalments of "March'2022" & "April'2022" are collectively repaid post "08th June' 2022", then also the account shall continue to be reported as NPA.
- If all the unpaid instalments (in the above example from "March'2022" till actual realization) are fully paid along with the other charges/arrears, then only the account will be upgraded/regularized as standard asset and shall not be reported as NPA.
